Hi all,

The Bayou Corne site has been assigned to me, but I did not get the impression from e-mails that there was anything urgent at the time. I've started looking at the latest data and Sit Rep. Is there anything in particular you need from me right away, or should I just continue looking over data?

I also noticed Robert just approved a site charging code for this site. Can someone please tell me which one I am to use?

Thanks!

Phil
